

A pixelated, black-and-white representation of a lowercase letter 'o'. The letter is formed by a single continuous stroke that starts at the top right, curves counter-clockwise to form a circle, and then curves back to the right to form a tail.

A pixelated, black-and-white representation of a lowercase letter 'l'. It consists of a vertical stem with a short horizontal bar at the top left and a wider horizontal base at the bottom.

Two parallel, horizontal black lines of equal length, positioned one above the other. They are centered between the 'ol' and 'ol' pairs.

A pixelated, black-and-white representation of a lowercase letter 'o', identical to the one on the left. It is formed by a single continuous stroke that starts at the top right, curves counter-clockwise to form a circle, and then curves back to the right to form a tail.

A pixelated, black-and-white representation of a lowercase letter 'l', identical to the one on the left. It consists of a vertical stem with a short horizontal bar at the top left and a wider horizontal base at the bottom.
